- We say thanks to Muslim Welfare Organization (MWO). They helped us do good things.

Our Fund

- We raised **USD 222,786.73** .
- Big parts came from **Launchgood** and **local donors**.
- We used money like this:
 - Project: **70%**
 - Admin: **12.5%**
 - Fundraising/Marketing: **17.5%**

Challenges: We face several challenges in assisting the Rohingya in Bangladesh. One of them is that for every project for the Rohingya, 25% of the donations must be allocated to the local community. This is a directive from the Bangladeshi authorities. Additionally, we are prohibited from taking photographs and are not provided with any reports on how these contributions are distributed to the local community.

Future Plans: We will continue our projects of nutritious food, clean water, and new clothing for Rohingya refugees. Our next goal is to assist **20,000 refugee** individuals in Bangladesh.

Thanks: Thanks to our nice volunteers, kind donors, and helpful partners (MWO).
